PROFESSIONAL SUMMARY

Flutter Developer with 5+ years of professional experience building scalable Android, iOS, and Web applications using Flutter and Dart. Strong expertise in integration of REST API, Firebase, and state management (Provider, GetX, Riverpod, Bloc). Experience in delivering production-level apps for eCommerce, marketplaces, and content platforms. Actively seeking Flutter Developer roles in Spain or remote opportunities.

TECHNICAL SKILLS

Languages: Dart, JavaScript, C++

Frameworks: Flutter, Node.js, Express.js, NestJS

State Management: Provider, GetX, Riverpod, Bloc

Backend: REST APIs, Firebase, MVC Architecture

Databases: Firebase, MongoDB, PostgreSQL

Tools: Git, GitHub, VS Code, Android Studio

PROFESSIONAL EXPERIENCE

Senior Flutter Developer — CodeSwaggers (Remote)

Apr 2023 – Present

- Developed and maintained 10+ production Flutter applications for Android and iOS
- Integrated REST APIs and Firebase services including authentication and push notifications
- Improved performance by optimizing UI rendering and API handling
- Collaborated with designers and backend engineers to deliver scalable features
- Performed code reviews and followed clean architecture practices

Flutter Developer — Cybex IT Group

Jun 2022 – Sep 2023

- Built scalable mobile applications and backend services
- Fixed critical bugs and optimized app stability
- Worked closely with cross-functional teams
